EXECUTIVE SUMMARY

Principal Product Designer with 13+ years of experience designing enterprise SaaS, AI-powered products, Capital Markets, Healthcare, ERP, CRM and no-code platforms. Expertise spans Product Strategy, AI UX, Design Systems, Conversational AI, UX Research, Information Architecture, and end-to-end product development. Strong understanding of React, Next.js, Tailwind CSS, HTML/CSS, component architecture, APIs, accessibility and developer handoff.

PROFESSIONAL EXPERIENCE

Principal User Experience Designer | CBRE via AlgoLeap | Sep 2024 – Present

- Designed enterprise Capital Market products including Capital AI, Loan Dashboard, Lease Document Abstraction, Connector Pro, Life of Loan, Lender Program and Ticket Service Centre.
- Delivered 25+ enterprise features with 21 successfully deployed to production.
- Reduced document review time by 60% through AI-assisted document abstraction workflows.
- Reduced information retrieval time by 70% and saved brokers approximately 12 minutes per query using conversational AI.
- Reduced request turnaround time by 35% through workflow redesign and centralized request management.
- Partnered with Product Managers, AI Engineers and Frontend Developers throughout Agile delivery.

Senior Solution Leader – Product Design | Brane Enterprises | 2019 – 2024

- Led UX for an AI-powered no-code platform enabling enterprise applications to be generated using natural language.
- Helped reduce enterprise solution delivery time to approximately 10% of traditional development effort.
- Led design initiatives across design-time and runtime experiences while collaborating with a 38-member cross-functional team.
- Led an 18-member frontend design team and collaborated on API integrations and component architecture.
- Designed enterprise Design Systems enabling customizable AI-generated interfaces.
- Worked on Stringer, a private LLM collaboration platform featuring chat, voice and AI-assisted workflows.
- Delivered 200+ integrations including Tableau, Superset, Google Maps and WhatsApp.

- Designed internal Notepad and Calendar applications contributing to approximately $25,000 monthly operational savings.

Co-Founder & Product Designer | Shukhibhava | 2016 – 2019

- Founded a Healthcare SaaS platform featuring Doctor Booking, Electronic Health Records (EHR) and instant website generation.
- Owned Product Strategy, UX, Branding, Sales and Product Roadmap.
- Led a 12-member multidisciplinary team across UX, UI, HTML, PHP and healthcare domain experts.
- Successfully onboarded 19 hospitals.
- Recognized as one of the Best Startups of 2017.

Senior UI Designer | Celkon Impex | 2012 – 2016

- Designed mobile experiences including Celkon Connect, Music Player, Gallery and Keyboard.
- Led a team of UI/UX designers supporting mobile products.
- Reduced packaging costs by 30% through design optimization.
- Collaborated with Branding, Marketing and Engineering to improve product adoption.
